Games Experience

January 2019

Live-Stream Defense Scheme Lead Programmer,
Designer

A Twitch-integrated 2-D game created during the 2019
Game Jam where the streamer is trying to defend their house
from their fans, who are operated by the chat. I focused
primarily on programming the enemy characters while also
actively working to make sure my team and I are heading
towards the same goal

January 2019 - Present

Alice ecilA Programmer, Artist, Designer

Currently programming and designing a 2-D platformer
based around manipulating movement using different mirrors.
This is being done in a team of 3, so I am also assisting with art
and design, but my main role is programming the levels
October 2018

Parade of Masks Programmer

A 2D narrative-based platformer created during the
2018 ADL Game Jam intended to portray what it is like to be an
outcast in society and how tiring it is to not be who you are.
During this I primarily programmed the player's movement,
object pickup, and fixing adjusting the game so it could run
smoothly.

Work Experience

January 2018 - Present

Russell J. Call Children's Center Assistant Teacher

- Supervised indoor and outdoor play of children aged
2-5 to allow for a safe learning and play
environment
- Encouraged children's playfulness to allow for a
growth of imagination and development of young
minds

July – August 2018

Lola Stat Boutique Seasonal Retail Worker

- Assisted customers in-store with help finding
products, recommending merchandise, and kept a
positive energy throughout all interactions
- Operated an outdoor merchandise cart acting as
another storefront and handled all set-up and
break-downs as well as managed monetary
transactions as the sole worker
